POTLUCK

What if saving money felt like winning the lottery?

THE PROBLEM

Americans don't save — but they love to gamble

56% of Americans can't cover a $1,000 emergency. Yet they spend over $100 billion a year on lottery tickets — money that's gone forever. Traditional savings accounts offer 0.01% APY, making saving feel pointless. People crave excitement, not spreadsheets.

THE SOLUTION

Potluck: Save money. Win prizes. Lose nothing.

Potluck is a prize-linked savings platform. Users deposit money into FDIC-insured accounts. Instead of earning traditional interest, their yield goes into a shared prize pool. Every 90 days, someone wins big. Your principal? Always 100% safe and withdrawable.
